Sample Titles Reported from 2022-2023:

- Additive Manufacturing and Quality Intern
- AI Intern Researcher
- AI/Machine Learning Intern
- Algorithm Engineer
- Analog Design Engineer Intern
- Application Developer
- Architecture Energy Modeling Intern
- Associate Cybersecurity Engineer
- Associate Technical Consultant
- Autonomous Mobility Intern
- Backend Developer Intern
- Big Data Intern
- Biomedical Engineering Intern
- Brand Technical Sales Specialist
- Business Analytics Intern
- Clinical Trial Intern
- Cloud Development Intern
- Controls Testing and Validation Engineering
- Cybersecurity Intern
- Data Analyst Intern
- Data Engineer Intern
- Deep Learning Research Intern
- DevOps Engineer Intern
- Digital Design
- Electrical Engineering Intern
- Equipment Engineering Intern
- Field Process Engineer Intern
- Firmware Engineer Intern
- Food Process Engineering Intern
- Front End Developer Intern
- Full Stack Developer
- Hardware & Performance Engineering Intern
- Industrial Engineering Intern
- IOS Engineering Intern
- IT Analyst
- Java Developer
- Lab Assistant and Network Technical Support
- Machine Learning Engineering intern
- Manufacturing Product Engineer
- Mechanical Engineer
- Mobile Developer Intern
- Network Engineer
- Physical Design Engineering Intern
- Power BI Intern
- Product Manager Intern
- Quality Assurance Engineering Intern
- Research and Development Intern
- Salesforce Developer
- Software Developer
- Systems Engineer
- Tax Intern
- Technical Program Manager Intern
- Validation Engineer
- Vulnerability Management Intern
- Web Design Intern
- Web Development Intern
- Wireless Systems Engineer Intern

School Year

- Graduate (M.S.) — 75%
- Doctoral (Ph.D.) — 9%
- Senior — 7%
- Junior — 6%
- Sophomore — 2%
- Freshman — 1%

Semester of Internship

- Fall — 25%
- Spring — 17%
- Summer — 58%

Top Majors

- Software Engineering — 2%
- Mechanical Engineering — 4%
- Computer Engineering — 7%
- Electrical Engineering — 12%
- Computer Science — 74%

International Student

- No — 11%
- Yes — 89%
